Dear Duncan

Following our telephone conversation yesterday, please find enclosed a press release that we will send to the interested magazines/journals. Before we send it out, I would like your approval on the content. Maybe you will be able to phone me on Monday.

I have asked for a copy of the Dragons World and its rates and technical data. As soon as I receive it I will arrange for booking some advertising space.

Unfortunately I still cannot get hold of copies of your book but we are still trying.

I look forward to hearing from you.

Yours sincerely

Josette Garcia  
Product Services Manager

## INSIDE THE DRAGON

by

DUNCAN SMEED and IAN SOMMERVILLE

This new book from Addison-Wesley is one that all Dragon owners have been waiting for. To date, extensive documentation on the Dragon has not been easy to come by, but **INSIDE THE DRAGON**, which has the approval of **DRAGON DATA LIMITED**, now fills that gap. It brings together for the first time a wealth of invaluable information on both software and hardware of the Dragon. No one who wants to do more with their Dragon than merely play games can afford to be without it.

Among the topics covered are:

- . the architecture of the M6809 - the chip at the heart of the machine
- . programming the M6809
- . input/output hardware
- . graphics hardware
- . the Dragon 64
- . the disc operating system

Also included in the book are the manufacturer's data sheets for the M6809 processor, the SN74LS783 multiplexer, the MC6847 video display generator, and the MC6821 interface adaptor - invaluable aids to the serious user.

The Dragon is similar in many areas to the Tandy Color Computer so owners of that machine will find plenty in the book to interest them also.

-----  
Should you wish to review **INSIDE THE DRAGON** by **DUNCAN SMEED** and **IAN SOMMERVILLE**, please send this coupon to the following address:

Mr. K. Allan  
41 Clevedon Road  
GLASGOW  
G12 OPH

Dear Mr. Allan,

Please find enclosed the photographs and Dragon publicity material that may be of use to you for the 'Inside the Dragon' window display. I will forward later this week the invoice under separate cover.

If I can be of any further help to you, please do not hesitate to give me a phone.

Yours sincerely,
